

Tech Specification

Flame Retardant Semi Translucent Reinforced PVC 530

Weight:	530g/m²
Width:	203cm
Roll length:	50m
Finish:	Matt & Fire Retardant
Base fabric:	Weft insertion polyester
Tensile strength:	Warp 1200N/50mm, Weft 1100N/50mm (test method: BS3424/6B)
Tear strength:	Warp 400N, Weft 350N (test method: BS3424/7B)
Coating:	Flexible plasticised PVC applied both sides
Flame retardant:	To BS5438
Thickness:	0.45mm

Clear Peelable Coating –

Keeps the booth free from overspray.....
